

## Testimonials

- Heath House is a very special place to learn, with small class sizes, and focused attention from dedicated teachers. My Daughter and Son have benefited enormously from the high academic standards, which provides and has provided a solid foundation from which their educational journey will continue. Thank you HH for everything. *HH Parent Nilesh Patel*
- Our child has been at Heath House since Kindergarten. We are impressed with the school's ethos, dedication to supporting each individual child and outstanding academic standards. My son cannot wait to go to school every morning! *HH Parent Joanne Walf*
- We were looking for a school with high academic achievement combined with nurturing and individualised approach. Heath House was recommended by our educational consultant as ticking all the boxes for us. The school did not disappoint: it's extremely well managed and organised, children are thriving and developing with a fast pace, the fact that my barely 4-year old can read is just mind-blowing. We made the right choice with Heath House. *HH Parent Veronika Sudi*
- When choosing a school for our children we sought the feeling of a small, community school whilst remaining in London and Heath House delivers on this. Heath House is the only private school in the Blackheath area that can truly say that it is at the centre of village life, the village is their campus. Heath House pupils can often be seen in and around the village as they travel to and from Games on the Heath or whilst travelling across the School's three sites for assembly, lunch or to visit younger year groups. My children are genuinely proud to call the Heath their playground and I believe that they get enormous comfort and confidence from spending their day in a village that they know so well. I am also very encouraged by the celebration of success displayed by the pupils of Heath House, most recently witnessed at the end of term Easter service. The musical talents of three Heath House students were showcased, it was breathtaking and it was clear that they had the admiration of parents, teachers and peers alike. Heath House children do not shy away from showing off their talents or their growing knowledge, to be cool at Heath House is to be succeeding, to be cool is to put your hand up and know the answer or at least have a go! The school's management team and senior leaders have an evident fondness and care for the children who attend the school, they know the children and parents individually by name and greet you and the children warmly each day, shaking the child's hand and making them feel seen, it's a great start to the day. *HH Parent Sarah Urquhart*
- Heath House is a genuine part of the fabric of Blackheath Village and the wider community, and this is one of the many things that makes it a truly special educational environment. We really value its close-knit, family driven feel. Class sizes are small enough to ensure that each child receives tailored pastoral & pedagogical care and attention. We're confident in the school's experience in identifying the secondary education settings which will suit each child best, and their ability to equip them to achieve their ambitions. Our son goes to school each morning looking forward to the day ahead, and he's thriving. *HH Parent Paul Vetch*
- A lovely caring small Prep School in Blackheath. The children get endless attention from the dedicated staff in small classes. They are encouraged to be confident young people, kind, tolerant and considerate of their class mates, parents and everyone they have contact with. The excellent 11+ results are a testimony to the headmistress and her staff. *HH Parent Steve Emmott*

- As parents, we couldn't be more delighted with our experience at Heath House Preparatory School in Blackheath. From the very beginning, it's felt like more than just an educational institution; it's become an extension of our family. The pastoral care provided here is unparalleled, instilling in our son a sense of belonging and security that is truly commendable. One of the standout features of Heath House is their unwavering commitment to in-person support. In an age where digital communication often takes precedence, it's refreshing to see a school that prioritizes face-to-face interaction. Whether it's during drop-off and pick-up times, parent-teacher meetings, or special events, the staff at Heath House go above and beyond to ensure that every child receives the individual attention they deserve. What sets Heath House apart is the sense of community that permeates throughout the village. From the warm greetings at the gate to the camaraderie among students in the classrooms, there's an unmistakable feeling of togetherness that makes Heath House more than just a place of learning—it's a home away from home. In conclusion, we wholeheartedly recommend Heath House to any parent seeking a nurturing environment where their child can thrive academically, emotionally, and socially and who cares of their kids being in a family co-ed environment. With its exceptional pastoral care, dedication to in-person support, and emphasis on fostering a familial atmosphere, Heath House has exceeded our expectations in every way possible.  
*HH Parent Marcos Martinez*

- Heath House has truly become a second home for both of my children. Each morning, they eagerly anticipate meeting their teachers and friends. The school's nurturing environment fosters a strong sense of community, where children from across the school, as well as parents, form lasting friendships. Academically and mentally, the progress my sons have made at Heath House has exceeded all expectations. The school's ethos of for developing qualities like intelligence, kindness, diligence, resilience and respect has laid a solid foundation for their future success. For our family, Heath House has set a new standard for educational excellence, and I'm immensely grateful for the opportunity to have my sons attend this exceptional school.  
*HH Parent Alex Kotiasvili*

- We chose Heath House for our first child because of its close-knit community and passion. After seven years, the outcome was fantastic, with our child attending the best co-ed private secondary school in the country. As a result, we had no doubt where our twins should go when they started, in reception, the following year. In the last two years, they have thrived at Heath House, just like their older sibling. *HH Parent Marcus Mayers*

- Heath House is a fantastic vibrant school, with a real family / village feel about it. Very rare in London! All three of our children absolutely love it there. The Heath House teaching staff and management team are incredibly dynamic and enthusiastic, striving to help each pupil reaching their full academic potential in a fun, energetic environment. The leaver destinations are outstanding but this is not a "hot house" school (far from it). There is a real focus on instilling core values to pupils, such as Resilience and Grit; Individual Confidence, and Responsibility and Kindness. Heath House pupils depart to secondary school as well rounded, intelligent and charismatic young men and women. What more could a parent wish for?! *HH Parent Paul Burrow*
